NEW QUESTION: 3

You have a Microsoft 365 subscription.

You need to control which third-party apps are available in Microsoft Teams.

Which three actions should you perform from the Microsoft Teams settings? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

- A. Disable the default apps
- B. Turn off Allow sideloading of external apps
- C. Turn on Allow external apps in Microsoft Teams
- D. Turn off Enable new external apps by default
- E. Turn off Allow external apps in Microsoft Teams

Answer: B,D,E

Explanation:

Explanation

External apps are provided by third parties. You can configure the following settings for external apps.

* (B) Allow external apps in Microsoft Teams: When this setting is turned on, users can add external apps that are available to your organization.

* (D) Allow sideloading of external apps: If you want to turn on some external apps and turn off others, turn off this setting, and then in the list of external apps, turn off the apps that you don't want users to access. When this setting is turned on, team owners and members who are granted permission can sideload apps to Teams.

* (C) Enable new external apps by default: When this setting is turned on, users can activate new apps as soon as they're added to the Teams app catalog. Turn off this setting if you want to control new apps. Of course, if you turn it off, you have to remember to review new apps periodically so your organization

doesn't miss out on new apps.
