NEW QUESTION: 2

DRAG DROP

You need to configure the environment to allow replication from the existing domain to Office 365.

Which components should you use? (To answer, drag the appropriate products or technologies to the correct location or locations in the answer area. Each product or technology may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.)

Answer:

Explanation:

NEW QUESTION: 3

Users are connected to a database instance that is using Automatic Storage Management (ASM). The DBA executes the command as follows to shut down the ASM instance:

```
SQL> SHUTDOWN IMMEDIATE;
```

What happens to the database instance?

- A.** It is aborted and the ASM instance shuts down normally.
- B.** It shuts down long with the ASM instance.
- C.** It stays open and SHUTDOWN command for the ASM instance fails.
- D.** It shuts down only after all pending transactions are completed and the ASM instance waits for this before shutting down.

Answer: C

Explanation:

Explanation/Reference:

Explanation:

IMMEDIATE or TRANSACTIONAL Clause (link)

Oracle ASM waits for any in-progress SQL to complete before performing an orderly dismount of all of the disk groups and shutting down the Oracle ASM instance. Oracle ASM does not wait for users currently connected to the instance to disconnect. If any database instances are connected to the Oracle ASM instance, then the SHUTDOWN command returns an error and leaves

the Oracle ASM instance running.
Because the Oracle ASM instance does not contain any transactions, the TRANSACTIONAL mode behaves the same as IMMEDIATE mode.

NEW QUESTION: 4

Which two statements are true regarding the Oracle ASM instance running in the TRANSACTIONAL mode?

- A. The instance can be started in the IMMEDIATE mode.
- B. The instance can be started in the TRANSACTIONAL mode.
- C. The instance can be started in the MOUNTED mode.
- D. The instance can be started in the OPEN mode.
- E. The instance can be started in the SHUTDOWN mode.

Answer: B,D
